Esprit Collection

**Rowlett
Rutland**
www.RowlettRutland.co.uk

The ergonomically designed Esprit toaster has perfect symmetry and is efficient and reliable

A truly stylish and sophisticated toaster selection. The Esprit Collection offers a touch of vibrancy with a range of polished or coloured aluminium end panels.

Handmade by skilled craftsmen in the UK, the Esprit Collection proclaims its quality. Each toaster is individually tested and certified before leaving the factory. Built to last, with all parts, including elements, easily replaceable, the Esprit Collection represents a cost-effective investment compared to lower-priced alternatives.

Features include

- Bread, thick 'n' thin, brunch and sandwich toasters
- Energy efficient, rotary slot selector switch
- Single sided toasting feature for buns
- Variable timer with 'toast ready' ringer
- Neon indicator lamp
- Handmade in the UK by skilled craftsmen
- Retro design with a choice of polished or coloured end-panels
- Every toaster individually tested and certified before leaving the factory
- All parts guaranteed, except elements

Esprit Bread

Esprit Collection bread toasters come in 2, 4 & 6 slice models. They feature energy efficient slot selection, timer, and neon indicator lamp, providing all the control necessary for great results.

Esprit Camel

The Ultimate Esprit Toaster, with two conventional, one wide slot and a sandwich slot. The rotary switch allows thick or thin bread, or alternatively all bread slots simultaneously, sandwich, buns (single sided), waffles and many other unusual items to be toasted.

Esprit Brunch

Esprit Collection brunch or combination toasters feature two conventional bread slots or one wide and one or two special slots with a holder for toasting sandwiches. This toaster is controlled by a variable timer and slot selector switch for toasting single slices of bread, sandwiches or buns.

Esprit Thick 'n' Thin

Esprit Collection thick 'n' thin toasters - the three in one multi-use - feature two ordinary slots and one or two wider slots + bun mode. This toaster is controlled by a variable timer and a slot selector switch, which controls either the conventional or wider slots, or alternatively, all slots simultaneously.
